Goal & Objective

Obtain a job where I can further my skills in creating high quality Ruby on Rails apps, and other Interactive products.

Skills

- ✓ OmniGraffle - I layout simple, purposeful interfaces
- ✓ Photoshop - I design appealing, engaging visual mockups
- ✓ HTML/CSS - I markup clean, clear front-end code
- ✓ Ruby on Rails & PHP - I develop flexible, powerful database backed applications
- ✓ Objective-C - I develop useful, responsive iPhone Apps

Experience

KNOWLEDGE (FORMALLY KNOWLEDGE NETWORK) - BURNABY, BC

- Researched Knowledge users
- Designed an iPhone interface based on user research
- Developed a prototype iPhone App for viewing Knowledge TV programs.

ANALYTIC DESIGN GROUP - VANCOUVER, BC

- Developed online usability reports for ADGi's clients.
- Designed the CMS, and developed the Flash video player for sportfitcanada.com.

Education

INTERACTIVE DESIGN DIPLOMA

Capilano University, North Vancouver BC

HIGH-SCHOOL DIPLOMA

Centennial Secondary, Coquitlam BC

Achievements

DEANS LIST: 3.96 GPA - FALL 2008

Interactive Design Program - Capilano University, North Vancouver BC
